

We strive to be the best academically, to care for the environment and develop good relationships in our community, locally and internationally.

**Headteacher: Mr T Browse BA (Hons)**

Dear Parent / Carer

If you are currently family isolating or you begin this process over the next few days we have provided this resource to help you. School is still currently open so we have provided a link for some learning for your child to attempt if you feel they are well enough. The aim of this is so they stay in learning mode and don't let essential skills slip.

Please copy the link below into your search bar and click on the home learning pack for your child's year group.

**<https://www.twinkl.co.uk/resource/year-2-school-closure-home-learning-resource-pack-t-e-2549911>**

We suggest that you pick a couple of activities for your child to do daily and you check their learning (if well enough to do so). We do not expect all of the learning to be completed.

In the event of school closing completely or partial closing for your child's year group, please stop doing these activities and access the learning that will be sent from your child's teacher via parent mail.

Kind Regards

Air Balloon Hill Primary
