1. Rationale

At Air Balloon Hill Primary School, our vision is that everyone can achieve, everyone can learn and everyone belongs.

Our school vision underpins our positive and active relationships with members of our wider community irrespective of their age, disability, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation or any other of the protected characteristics. (Single Equalities Act 2010).

Every member of the school community is expected to be safe, kind and respectful towards all others so everyone feels valued, of equal worth and ready to learn. Air Balloon Hill Primary School welcomes the duties upon schools under the Equality Act 2010 to eliminate discrimination, advance equality of opportunity and promote good relations including tackling prejudice and promoting understanding.

Equality and inclusion permeates all aspects of school life and is the responsibility of every member of the school and wider community. We are committed to promoting equality of educational achievement and opportunities for our children. We strive to overcome all possible potential barriers to success so that all children receive a broad and balanced curriculum.

We believe that an education that promotes equality and inclusion is a human right, is good education and is essential to building a fair and inclusive society where all children will grow up being able to embody the school vision: we look to the stars.

2. Policy Commitments

2a. Everyone Can Achieve:

There is a consistently high expectation of all pupils regardless of age, disability, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation. To secure the best possible outcomes we recognise that:

- All adults in the school are expected to provide good, positive role models in their approach to all issues relating to equality of opportunity;
- It is important to identify the particular needs of individuals and groups within the school and to use targeted interventions to narrow gaps in achievement;
- A range of teaching methods are used throughout the school to ensure that effective learning takes place at all stages for all pupils;
- All pupils are actively encouraged to engage fully in all aspects of our curriculum;
- Families may need additional support to ensure the best outcomes for their children.

2b. Everyone Can Learn:

We aim to provide all our pupils with the opportunity to succeed through our reading, writing and mathematics curriculums. The aim of our wider curriculum is to help children understand why the world is like it is and what can be done to make the world a better place. To achieve these endeavours, we will ensure:

- Curriculum design reflects a commitment to equality and inclusion;
- The curriculum prepares pupils for life within a diverse society and utilizes opportunities to reflect the background and experience of pupils and families in the school community and beyond;
- There will be opportunities in the curriculum to explore concepts and issues related to identity and equality;
- The promotion of attitudes and values that celebrate and respect diversity and challenge discriminatory behaviour and language wherever it occurs;
- The use of images and materials which positively reflect a range of cultures, identities and lifestyles.

2c. Everyone Belongs:

Outcomes

Air Balloon is a larger than average primary school that serves the St George community in East Central Bristol. The school's current number on roll is 783. The school location deprivation indicator is in quintile 3 (average) of all schools. The pupil base is in quintile 3 (average deprivation) of all schools in terms of deprivation although the number of children receiving support through the pupil premium grant is slightly higher than the national average (26%). By the time they leave Air Balloon, disadvantaged children's achievement in reading is in line with their peers and other children nationally and above other disadvantaged children nationally. On average, disadvantaged children's achievement in writing and maths is below their peers and other children nationally although above compared to other disadvantaged children nationally.

At Air Balloon there are children from 14 out of 17 possible ethnic groups. Those with 5% or more are: – 63%: White – British, 8%: Black or Black British – African, 7%: Mixed - White & Black Caribbean. Children from minority backgrounds achieve as well as their peers. The number of children who speak English as an additional language (EAL) is 15%. The school's EAL children's achievement is in line with other children in reading, writing and maths. The number of children who are recognised as requiring support for Special Educational Needs or Disabilities (SEND) is higher than the national average. Children with SEND are supported so that they can access the curriculum and achieve.

The achievement of pupils is monitored by race, gender, disability and economic status. We also monitor the progress of children who join the school during Key Stage 2 as some of these children arrive at Air Balloon having not secured expectations in their previous key stage. We use this data to support pupils, raise standards and ensure inclusive teaching.

Equalities objectives relating to outcomes:

- Gaps between disadvantaged pupils and their peers reduce.
- Identified (recent arrivals and hard to reach) children make accelerated progress so their achievement is in line with peers.
- Pupils with SEND make at least expected progress in relation to their provision plan.

Quality of education

Air Balloon is a diverse community and we recognise the wide range of members of faith groups as well as those with no religion. Our curriculum provides opportunities for children to learn about the main religions of the world from lessons and links with local religious communities. We also recognise and celebrate a range of religious festivals and special days through a variety of different ways including special menus designed by our kitchen team. Children are given opportunities to celebrate their cultural heritage and learn about other people's lives and beliefs in a way that is safe, kind and respectful.

Our curriculum is designed to ensure positive images, awareness and reflection of the culturally diverse world in which we live. We take part in national themed events to raise awareness of equalities through our own values led 'Safe, Kind and Respectful' weeks. Within our curriculum we explore the lives and achievements of numerous famous people who have overcome adversity and have helped changed people's perspectives of minority groups. We also explore six archetypes of human behaviour that help shape the world so all children can see how equality continues to be a pertinent issue in their lifetime.

Equalities objectives relating to quality of education:

- The school's curriculum will provide opportunities for children to recognise and celebrate the diversity and strengths of themselves, their school and the wider community.
- The school's curriculum will be accessible for all children regardless of their ethnicity, religious belief, special educational need or disability, sexual orientation or gender identity.
