KeyRing

Local authorities commission us, (pay for us) to deliver support in local areas. Sometimes this means that we can only work with a certain set of people. This could be people who have learning disabilities, mental health issues or older people. Some areas have open contracts which mean we can work with anyone who needs our help. Some local authorities call this a vulnerable adult service. It's just another way of saying 'people who need support to build their independence'.

Get in contact with us to find out how we can support you.
