Academic Year: 2025-2026	**Total funding available: £22,590**	**Date: July 2026**
Area of funding:	Funding spent:	Evidence and impact:
CPD		
Online training	£299	Dance to School and Striver have been used by teachers to help deliver high quality PE lessons. Online schemes include lesson plans and visual demonstrations in their teaching of PE. Invested in a CPD gymnastics scheme provided by uSports to support staff professional development, with implementation planned for the next academic year.
Internal Learning and Development	£3,478	Teacher CPD and support for new staff – particularly ECTs – with delivery of high-quality PE curriculum, provided through Sports coordinator.
In-person CPD training	£3,990	Partnered with uSports to deliver a six-week, one-to-one CPD programme alongside experienced PE coaches. This has enhanced teachers' confidence in planning, delivering, assessing and adapting high-quality PE lessons to meet the needs of all pupils.
Internal activities:		
Internal sports competitions	£1,244	Funding spent on field markings for different events and supply costs to release Sports coordinator from class to organise sports days.
Equipment and resources	£1,425	All year groups have all resources they need for the full academic year. Therefore, teachers are able to plan their lessons with new, high-quality resources. This has increased teacher confidence and competence to deliver high quality PE lessons.

		The equipment has also helped our Learning supports assistants (LSAs) when planning for their sensory circuits. This is to help children with SEND when they may need a sensory break. In partnership with LTA Tennis, staff were offered access to a free continuing professional development (CPD) course. The school also received a voucher to purchase a Tennis Starter Kit, including rackets, a net and supporting equipment, to enhance the delivery of high-quality tennis lessons and increase opportunities for pupils to develop tennis skills. Invested in new netball bibs and nets to support the school's netball team, predominantly comprising girls. This investment has reinforced the school's commitment to increasing participation in sport among girls and disadvantaged pupils. The equipment has been used during intra-school competitions and in preparation for local authority tournaments, contributing to increased confidence, engagement and enjoyment among pupils participating in netball.
External activities		
External coaching staff: Raphael Burke Ltd	£10,460	Raphael Burke Ltd offers after school clubs at lunchtime activities to children across the whole school. This has resulted in a range of children being able to access a variety of different sports, especially though lunchtime clubs.

		Worked in partnership with Your School Games and a local school to increase opportunities for competitive sport among girls, pupils with SEND and disadvantaged pupils. This collaboration has had a positive impact on pupils' confidence, encouraged greater participation in competitive sport, and fostered a positive attitude towards teamwork, sportsmanship and lifelong engagement in physical activity.
Leadership opportunities for pupil: Commando Joes	£1,792	Following training delivered by a Commando Joe's specialist, Year 6 Sports Leaders developed the confidence and skills to use the Commando Joe's equipment to organise and lead lunchtime games and activities for pupils across the school. This has reinforced the school's commitment to ensuring that everyone belongs, encouraged positive relationships between pupils of different year groups, and provided Year 6 pupils with valuable opportunities to develop their leadership, communication and responsibility skills.

Swimming 2025/2026	
% of Year 6 pupils who can:	
Swim competently, confidently and proficiently over 25m	68%
Use a range of strokes effectively	47%
Perform safe self-rescue in different water-based situations	68%
What impact has the funding had on swimming and water safety attainment?	The vast majority of the Year 6 cohort are now able to swim confidently while 68% are able to swim to the expected 25 metre mark.
